High school attended: Lakes High School

Graduation year: 1984

Colleges attended/degrees earned:

University of Washington, Bachelor of Arts and Sciences

Current career/job:

General Manager - Lake Spanaway Golf Course/
PGA Head Golf Professional

Describe the path you took from high school graduation to where you are today:

I loved the game of golf and my parents were both educators in the Clover Park School District. I combined teaching with golf and found a passion for introducing people to the greatest game ever!

How did your experiences in Clover Park School District help prepare you for this path?

I was taught to always put forth my best effort in everything I did. Clover Park School District allowed me to try different things and ultimately uncover what I was meant to be.

Who was the most influential teacher or administrator to you as a student in the district? Why?

My most influential teacher was Dick Zakovich. He was my PE teacher at Hudtloff and Lakes. I was fortunate to have him for six years. He inspired me to always give all I had in competition.

Do you have any favorite memories from when you attended school in Clover Park School District?

My classmates have all gone on to be very successful people: Great parents, community servants and role models for future generations. AWESOME CLASS OF 84!

What opportunities exist in your career sector for new graduates? Is post-secondary education required for this field?

I have the best job! If you love working with people and taking pride in being a customer advocate, you can be very successful in the golf industry.
