## Our Vision

We are a school that produces high levels of individual student growth and achieves academic excellence. Where STAFF, FAMILIES, and STUDENTS inspire each child to reach their full potential, become lifelong learners, and responsible citizens.

## Our Mission

We take collective responsibility for ensuring every child, everyday, will achieve at high levels of learning.

## ESEA Report Cards Available

The 2016 Elementary and Secondary Education Act (ESEA) report cards provide school data at the state, school district and school building level. ESEA report cards may be downloaded from the Office of Superintendent of Public Instruction (OSPI) Web site at [here](#) or by contacting the school at the number listed above.

Please note: Due to the amount of data available on the Web page, it may take several minutes to download the information.

## Student, Parent and Community Involvement

Our students, parents, and community members give generously of their time and talent to make Lake Louise the caring campus that it is. Over 100 parents and community members donate time to volunteer in classrooms, serve on the PTSA and work on committees. The Lake Louise PTSA works hand in hand with our staff, providing many of "the extras" that enhance our learning community. Most of these active volunteers grace our campus daily, assisting teachers, students, and staff. We have fun at PTSA sponsored events such as the "Potato Feed" and Bad to the Bone Bingo Night.

### Student/School/Community Programs

**Site Council** - The Lake Louise Site Council consists of elected representatives from the school staff as well as parent/community members. The purpose of the site council is to oversee the implementation of the School Improvement Plan. The council meets monthly throughout the school year. As well as the scheduled regular meeting agenda, there is always allotted time for public comment when we welcome anyone from our community to bring issues, concerns or questions to the council's attention.

### RESPECTFUL, RESPONSIBLE, READY

At Lake Louise we see student behaviors falling into one of THREE categories, which build our community:

**RESPECTFUL:** We believe that students and staff have the right to be treated with respect and kindness. Behaviors that support this category build a safe and healthy learning environment where students are free to grow and develop, both academically and socially. Students must respect the rights of others and learn they do not have the right to disrupt the learning of others at school.

**RESPONSIBLE:** We believe that students are responsible for their actions and must be taught to maintain control of their behaviors. Students must be taught responsible study habits, become accountable for attending school regularly and on time, as well as demonstrate a strong commitment to their learning.

**READY:** We believe students can demonstrate a readiness to learn by being on time to school, following the directions of all staff, bringing materials and homework to class, and following the rules in the common areas of our school, as well as in the classrooms.

## School Improvement Plan

**Math Goal:** Our goal is aligned with the District Improvement Plan: All students at the end of each year are prepared to transition to the next grade/level and have met or exceeded the minimum growth target on the district's Annual Measurable Objectives (AMO).

**Reading Goal:** Our goal is aligned with the District Improvement Plan: All students at the end of each year are prepared to transition to the next grade/level and have met or exceeded the minimum growth target on the district's AMO.

## Facility Use

Our facilities are used by many groups during the school year. Activities in our building include Boy Scouts, Girl Scouts, Lakewood Improvement Club, City Council and sports events. Please contact the school office for more information.

## 2015 Community Perception Survey Results

An anonymous, 36-question survey, overseen by Pacific Market Research, was conducted in September 2015. A total of 400 telephone interviews were completed.

Key findings include:

- Eighty-five percent of respondents either agree or strongly agree the district offers quality educational programs and services;
- Sixty-nine percent of respondents either agree or strongly agree the district is teaching students the skills they need to lead successful lives;
- Nearly nine of ten respondents (89%) agreed or strongly agreed that the district ensures schools are safe places to learn;
- Most respondents agreed (68%) or strongly agreed that the district spends tax dollars wisely.
- Nearly all respondents (98%) agreed that the partnerships the district maintains with local organizations are important.
- Seventy-one percent of parents of school-aged children have visited the district website.
- Respondents indicated the most important areas to fund are:
  1. Basic skills;
  2. Smaller class sizes; and
  3. Technology.

Other findings in the survey which are used in the district's accountability plan to track progress over time include:

**Since 2009 the percentage of the community who believes the district is getting better has almost doubled.**

In addition:

- Community members agree:
  - They receive information from the district on a regular basis;
  - The information is valuable; and
  - The district is doing a good job keeping the community informed.
